CHAIRMAN'S MESSAGE

Dear Members,

I present to you the Company's Annual Report for the fiscal 2020-21.

This financial year was an aberration in terms of financial performance but did provide glimpses of things to come. The nationwide lockdown took everyone by surprise and no one was prepared to plan for enduring it. We announced very dismal financial performance for the first quarter with operational losses before tax to the tune of over Rs.83 crores. It was however very heartening to see the Company bounce back in the latter part of the year. Not only did we wipe out the initial reported loss but also posted decent profits led by the gradual recovery and eventual surge in the freight volumes which our team could capture.

I feel sad at the overall vulnerability seen in the pandemic era which saw a lot of loss of life and several employees and their family members were also affected and I offer my deepest condolences on their suffering. Covid-19 has taught us some important lessons though, be it in terms of health or business preparation. A lot of marginal and small surface transport businesses succumbed to the brunt of the pandemic leading to increased demand for stronger and organized players such as your Company. Our entire team at VRL was ready to meet the challenges posed and remained alert to new business opportunities coming our way.

Coming to the present day scenario, the situation is no different. Just like the year gone by, the first quarter of the current financial year 2021-22 would definitely be adverse for one and all as the current regime of State imposed lockdowns has affected the manufacturing operations across the country and also restricted freight volumes. We however are much better prepared this time and would not be as much affected when compared with the previous year.

I have alerted the entire Logistics team to be prepared to take on the freight volumes once the markets gradually open up and seize opportunities to generate higher business volume.

In terms of financial performance during the year 2020-21, your Company recorded overall revenues of Rs.1775 crores which was no mean task given the challenges posed. The latter half of the year ushered in a very satisfying financial performance and the Company ended the year with very good cash profits. Given the same, we decided to undertake the second Open Market Buyback of equity shares in the Company's history and completed the same in the last quarter of the year. Lesser profits recorded in the books apart, given the cash accruals and no committed capex, we have also decided to reward the shareholders with a decent dividend and have recommended final dividend of Rs.4/- per equity share for the approval of the members.

Our Bus operations were severely affected during the year. Operations were fully shut during the initial few months of the financial year and the subsequent resumption also saw lower occupancy rates as also lower demand where the fleet could not be meaningfully deployed. The 'work from home' and 'remain at home' culture persisted throughout the year and I expect this to see normal days only towards the end of the current financial year. There is however a bright time ahead for this segment given the recent decision by the Government to allow the much awaited All India Permit for buses in line with that for Goods Vehicles. This segment would thereby see lower costs and encourage operators to look beyond their existing route limitations to access newer markets. We at VRL would keenly observe market developments before we decide our stance with respect to this segment and would finalize our strategy only upon gaining confidence of this market regaining the desired traction.

I have been interacting with several individuals, investors, peers and also competitors these days. The market perception has seen a drastic change and in the present day, 'Disruptors' have also disrupted the investor sentiment. Newer technology based entrants, be it aggregators or otherwise, now command the attention as also business valuations across traditional industries. The Logistics industry is no different. Though the recent decade has seen the emergence of higher number of organized surface logistics businesses, very few have managed to develop a sustainable business model. The eventual dominance of organized players would take quite some time.

A lot of news is being generated on the new age operators who claim the betterment of the industry by bringing

in more technology based efficiency which has excited one and all. However, fundamentally the surface logistics industry would continue to do what it did and no drastic ground level changes are envisaged. I personally feel that owning and successfully operating a goods transportation fleet requires a lot of courage and this is something at which even some of the bigger business houses of our country have failed. Even the hotel industry recently demonstrated that aggregator model could pose some risk if the underlying businesses which get aggregated are not in sync with the ideology of the principal.

I remain positive on technology and it definitely presents newer opportunities. To ensure the timely, correct and safe delivery of consignments from point to point, one would still need vehicles, dedicated and trained manpower as also business knowledge to effectively transact freight, irrespective of whether such ingredients are owned or outsourced. Logically, owned infrastructure would definitely be desirable as it would provide the necessary flexibility. This is what your Company has been successfully doing since the last four decades. We would continue to focus on what we do best and try to imbibe newer practices, whether technology based or otherwise, to bring in more efficiency. I remain confident of the suitability of the Company's Asset ownership business model and can proudly say that replication of the fleet operation and maintenance capability that we have is a herculean task for anyone.

On the expenditure front, fuel costs continue to remain our single largest expense and the continuous price increase in this cost element could tend to erode margins as businesses are yet to fully recover from the impact they have had from the lockdowns. However, we would pass on these ever increasing costs on a periodic basis to our customers. We have also initiated meaningful dialogue with bigger Commercial Vehicle manufacturers to understand the dynamics, both cost wise as also from an operational perspective, of electric vehicles as these would eventually be inevitable in the days to come. Though we have added 22 electric autos to our fleet, these are only smaller vehicles and we continue to closely monitor their performance for a better understanding.

I and my entire team have been extensively travelling across the country and conducting regional meetings to ensure that no available opportunity is given up as also for new business development. Whereas we do anticipate volume growth that comes at the expense of the closed down smaller operators in the industry, we remain prepared to knock the doors of potential clients to source additional business volumes. Region centric consignee marketing has always worked in the Company's favour and your Company aims to set ambitious growth goals for future.

The vehicle scrapping policy announced by the Ministry of Road Transport and Highways would be a blessing in disguise for your Company. Older vehicles would need to be scrapped and this would cause a massive vehicle reduction across the country as lakhs of trucks which are beyond the age threshold continue to ply on Indian roads. This capacity shrinkage would work to the benefit of those operators who have an operational fleet and your Company betters everyone else in the Industry on this front. Assuming implementation at this year end, we expect around 800+ vehicles to be scrapped from our fleet. Though it would appear to be a very big number, in terms of fleet carrying capacity it works out to hardly a 12% reduction. Also, there would be a significant one time revenue arising out of scrap salvage. Needless to say, we would also ensure that all useful spare parts from these vehicles are taken out and remain available for usage or replacement on the continuing vehicles.

Overall, I see good tidings from here on. I am confident of business growth as also growth in the profitability of the Company in the days to come.

I request you to go through the Annual report and send your queries to investors@vrllogistics.com. I invite all the members to join us at Hubballi at your Company's Annual General Meeting on the 7th of August 2021, where we would seek your guidance and suggestions.

As always, I sincerely thank our shareholders for their trust, support and confidence in us. A special note of thanks to our employees who braved the pandemic and stood strongly at their branch posts even during these difficult days for the Company's sake. I acknowledge that their absolute dedication and efforts are the Company's biggest strength. I also take this opportunity to express my gratitude to all the other stakeholders including Customers, Suppliers, Bankers, Government authorities, regulators and the management team including my peer Directors on the Company's Board for their hard work and commitment and seek the continued association of one and all for the Company's advancement in the days to come.

Sincerely,

DR. VIJAY SANKESHWAR

6. Comparative remuneration profile with respect to industry, size of the Company, profile of the position and person:

The current remuneration being paid to the Chairman & Managing Director looking at the profile of the position and the individual in question, remuneration drawn by Dr. Vijay Sankeshwar is commensurate with that being paid by companies' comparable size in the logistics industry.

7. Pecuniary relationship directly or indirectly with the company, or relationship with the managerial personnel, if any:

Dr. Vijay Sankeshwar is a Promoter, Chairman and Managing Director of the Company. Dr. Vijay Sankeshwar and Mr. Anand Sankeshwar are related to each other. Except that he does not have any other pecuniary relationship with any other Director nor Key Managerial Personnel in Company.

III OTHER INFORMATION

1. Reasons of loss or inadequate profits:

The Company had adequate profits upto the financial year ended 31st March, 2019 and the remuneration paid to the Managing and Whole time Directors was well within the applicable limits prescribed under the Companies Act, 2013.

The impact of Covid-19 on the Logistics Industry has been severe in the first quarter of the current fiscal (FY 2021-22) where the entire industry was facing labour shortages, cargo capacity challenges, a manufacturing slowdown, order delays and stuck shipments, and demand and supply shocks. Due to the States imposing lockdowns, the brick and mortar industries activities were affected across the country leading to reduced freight volumes for logistics services.

2. Steps taken or proposed to be taken for improvement:

The Company has been earning profits in the past consistently on standalone basis and we expect to do well in future. We are focusing on ensuring the availability of sufficient number of drivers and labour to ensure ground level operations. We would need to be well prepared in advance to have sufficient manpower as volumes go up gradually as expected. We are ensuring that our vehicles get deployed on routes that have sufficient load. Considering the incremental overhead costs necessitated out of Covid-19 developments, we have also enhanced

our freight rates across all customer categories.

3. Expected increase in productivity and profits in measurable terms:

The situation is similar to the one we faced in the year gone by where after a dismal financial performance in the first quarter, your company bounced back strongly in the subsequent three quarters not only recouping the losses incurred in the first quarter, but also generating high operational margins and recording a decent profit for the year as a whole. Your company continued to have decent cash profits even during this tough year. This was possible as the company could garner additional freight volumes hitherto being carried by small and unorganized players across the country who could not emerge out of the adverse financial impact caused by the pandemic.

The pandemic has impacted one and all and as aptly demonstrated during the fiscal gone by, your Company's business model has sufficient resilience to bear its brunt as also grab freight opportunities in its aftermath.

IV. DISCLOSURES

The disclosures as required on all elements of remuneration package such as salary, perquisites etc. have been made in the Directors' Report under the heading "Corporate Governance" attached to in this Annual Report.

The Board recommends the Resolution as set out at Item no.5 of the Notice as Special Resolution, for approval of the Members.

Except Dr. Vijay Sankeshwar and Mr. Anand Sankeshwar, none of the other Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in this Resolution.

A sum of Rs.704.90 Lakhs was incurred towards addition of other capex components which include the cost incurred on additions to Buildings, Furniture and Fixtures, Office Equipments and Leasehold Improvements etc.

7. TABLE LEASES LEASE

The Company had adopted the accounting standard Ind-AS 116 Leases, which had become effective from 1 April 2019. The adoption of this Standard has resulted in the Company recognizing a right-of-use (ROU) of assets and related lease liability in connection with all former operating leases except for those identified as low-value or having a remaining lease term of less than 12 months.

This year, the addition to ROU assets was to the tune of Rs.3,588.75 Lakhs attributable entirely to Buildings. Also the addition to Lease Liabilities, including both of current and Non-current nature was to the tune of Rs.3,706.49 Lakhs.

During the current year, in view of the raging COVID-19 pandemic and the nationwide lockdown announced by the Central Government on 24 March 2020, the operations of the Company were totally shut down during the month of April 2020. Concession of lease rent was sought from the lessors / licensors of the leased / licensed properties occupied by the Company across India for the month of April 2020. 40. MATERIAL CHANGES AND COMMITMENTS

Barring the adverse financial impact arising out of the COVID-19 pandemic, there were no other material changes and commitments that occurred subsequent to the end of the financial year till the date of this report, which affects the financial position of the Company.

The impact of Covid-19 on the Logistics Industry has been severe in the first quarter of the current fiscal (FY 2021-22) where the entire industry was facing labour shortages, cargo capacity challenges, a manufacturing slowdown, order delays and stuck shipments, and demand and supply shocks. Due to the States imposing lockdowns, the brick and mortar industries activities were affected across the country leading to reduced freight volumes for logistics services.

The situation is similar to the one we faced in the year gone by. After a dismal financial performance in the first quarter, your company bounced back strongly in the subsequent three quarters not only recouping he losses incurred in the first quarter, but also generating high operational margins and recording a decent profit for the year as a whole. Your company continued to have decent cash profits even during this tough year. This was possible as the company could garner additional freight

volumes hitherto being carried by small and unorganized players across the country who could not emerge out of the adverse financial impact caused by the pandemic.

The pandemic has impacted one and all and as aptly demonstrated during the fiscal gone by, your Company's business model has sufficient resilience to bear its brunt as also grab freight opportunities in its aftermath.

41. INDUSTRIAL RELATIONS

During the year under review, your Company experienced cordial relationship with workers and employees at all levels, throughout the year.

42. SIGNIFICANT AND MATERIAL ORDERS

There are no significant and material orders passed by the regulators or courts or tribunals impacting going concern status and company's operations for a foreseeable future.

43. DISCLOSURE UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT 2013

The Company has in place a Policy for Prevention Prohibition and Punishment of Sexual Harassment of Women at Work place in line with the requirements of The Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act 2013. Internal Complaints Committee has been set up to redress complaints received regarding sexual harassment. All employees are covered under this policy. During the year under review, there were no cases filed pursuant to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

The details of complaints received and disposed off during the financial year 2020-21 is as follows:

No. of complaints filed during the year	No. of complaints disposed off during the year	No. of complaints pending
Nil	Nil	Nil

44. DISCLOSURES PURSUANT TO COMPANIES (ACCOUNTS) AMENDMENT RULES, 2021

- There are no proceedings initiated/pending against your Company under the Insolvency and Bankruptcy Code, 2016 which materially impact the business of the Company.
- There was no instance of one time settlement with any Bank or Financial Institution.

45. ACKNOWLEDGMENTS AND APPRECIATION

The Directors take this opportunity to thank the Company's customers, shareholders, Investors, suppliers, bankers, financial institutions and Central & State Governments for their consistent support and cooperation extended to the Company. The Directors also wish to place on record their appreciation towards employees at all levels for their hard work, dedication and commitment.

For and on behalf of the Board

Annexure A
DIVIDEND DISTRIBUTION POLICY

1. PREAMBLE

SEBI vide its Notification dated 8th July 2016 amended the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and inserted a new Regulation 43A thereby making it mandatory for top 500 listed entities to have a policy on Dividend Distribution which shall provide the various parameters that are to be taken into consideration before declaration of any dividend.

2. OBJECTIVE

The objective of this Policy is as follows:

- a. To define the policy and procedures of the Company in relation to the declaration / recommending Dividends.
- b. To ensure that the Company has sufficient distributable profits and/or general reserves, as determined by a review of the Company's audited financial statements, prior to any declaration and/or payment of Dividends.
- c. To ensure a regular dividend income for the members and long term capital appreciation for all stakeholders of the Company.
- d. To ensure the right balance between the quantum of dividend paid and amount of profits retained in the business for various purposes.

3. APPLICABILITY:

The policy set out herein relates to Equity Shares only and not applicable to any preference shares that the Company may issue or any other security on which dividend payment option may exist.

The Board of Directors reserves the right to modify this policy to accommodate the preference shares or make separate policy for preference shares or any other security in accordance with applicable provisions of the Companies Act, 2013 read with rules made there under as and when it deems fit and necessary or as and when it is statutorily required to the company. The policy set out herein relates to final as well as Interim Dividend as may be proposed / recommended or declared by the Board from time to time.

4. SCOPE, LAW, RULES AND REGULATIONS:

The declaration and payment of dividend is governed by the provisions contained in chapter - VIII from section 123 to 127 of the Companies Act, 2013 read with the Companies (Declaration and Payment of Dividend) Rules 2014 (as amended from time to time). Also, SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 deals with the additional procedure for listed entities including prior intimation to Stock Exchanges, Record Date etc.

Other applicable Acts and guidelines include:

- Security Contract Regulation Act, 1956;
- Income Tax Act, 1961;
- Secretarial Standards on Dividend prescribed by the Institute of Company Secretaries of India;
- RBI Guidelines / Circulars / Notifications to the extent applicable,
- FEMA, 1999,
- SEBI Guidelines / Circulars etc.

The Company shall adhere to above laws in specific and to all other applicable laws in general while declaring or payment of dividend.

5. DECLARATION AND PAYMENT OF DIVIDEND**5.1 CIRCUMSTANCES UNDER WHICH DIVIDEND IS DECLARED**

Maintaining a reasonable balance between cash retention and distribution of dividend would facilitate the smooth working of Company's affairs. The Company believes that cash retention is required for expansion and diversification of the Company including acquisitions to be made by it, and also as a means to meet contingencies.

a) Adequate Profits:

The Company shall declare dividends for a financial year out of the profits of the company for that year or out of the profits of the company for any previous financial year or years after providing for depreciation in accordance with applicable laws. The Company has a practice of paying dividend and has been consistently declaring and paying dividend for the previous 5 years.

The Company reserves the right to declare interim dividend during any financial year out of the surplus in the profit and loss account and out of the profits of the financial year in which such interim dividend is sought to be declared.

b) In-adequate Profits:

In the event of inadequacy or absence of profits in any year, the Company may declare dividend out of free reserves subject to the fulfillment of the following conditions:

- (a) The rate of dividend declared shall not exceed the average of the rates at which dividend was declared by the Company in the three years immediately preceding that year.
- (b) The total amount to be drawn from such accumulated profits shall not exceed one-tenth of the sum of its paid-up share capital and free reserves of the Company as appearing in the latest audited financial statement.
- (c) The amount so drawn shall first be utilized to set off the losses incurred in the financial year in which dividend is declared before any dividend in respect of equity shares is declared.
- (d) The balance of reserves after such withdrawal shall not fall below fifteen percent of the Company's paid up share capital as appearing in the latest audited financial statement.

ANNEXURE 'F'

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and outgo pursuant to the provisions of section 134(3)(m) of the Companies Act, 2013 read with the Companies (Accounts) Rules, 2014

A) CONSERVATION OF ENERGY**I) Steps taken by the Company or impact on conservation of energy**

1. We are in the process of converting diesel forklifts to electric forklifts.
2. LED lighting is being predominantly used across a majority of the offices of the Company. Also, preference is being given for the procurement of energy efficient equipment for new equipment additions as also for replacement of existing equipments.
3. We have newly introduced 12 customized two wheelers for delivery instead of normal two wheelers at our transshipment hubs.
4. For efficient energy and environment conservation, we have started replacing normal lead acid battery with lithium ion batteries since the lead acid battery has an advantage of about 50% efficiency as compared to lithium ion batteries. It has already been executed in 30 branches across the county.
5. Addition of 12 electric autos for local deliveries for fuel conservation.

II) The steps taken by the Company for utilizing alternate sources of Energy

The Company had pioneered the usage of bio-diesel on its fleet of trucks and buses. The same had given good results and has also resulted in cost savings. Efforts and in-house studies are on to ascertain ways of overcoming the shortcomings of this alternative fuel for an all-year-round operation. Continued availability of bio-diesel supply also emerged as a big challenge and efforts are on to identify reliable suppliers for the same.

Procurement of Bio-fuel was to the tune of 23.30% of the total fuel quantity in FY21.

The Company's Clean Development Mechanism (CDM) project with respect to its windmill operations is registered with the United Nations Framework Convention on Climate Change (UNFCCC) and necessary approvals for the trade of carbon credits have been procured. As on date, the Company has a tradable balance of Certified Emission Reductions (CERs) of 306,448 units which has been duly certified.

III) The capital investment energy conservation equipment

A sum of Rs.1.51 lakhs was incurred for the procurement of each electric auto and a sum of Rs.0.82 lakhs was incurred for the procurement of each two wheeler.

B) TECHNOLOGY ABSORPTION**DISCLOSURE OF PARTICULARS WITH RESPECT TO ABSORPTION OF TECHNOLOGY ETC.,**

MANAGEMENT DISCUSSION AND ANALYSIS

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

The logistics cost in India stands at 14 percent of GDP, compared to the global average of approximately 8 percent. India has the second-largest road network globally, which totals 5.5 million kilometers, yet national highways account for less than 2.7 percent of the total network. This puts a severe strain on the national highway network, which carries about 40 percent of the road traffic. The Indian road transport sector carries goods worth \$150 billion a year.

Trucks offer various benefits over railroads. For example, rather than rail transport, trucks can acknowledge items in smaller amounts, they can likewise arrive at provincial and sloping districts, and require less time than the rail for the stacking and emptying of the items. Last mile delivery is only possible through trucks.

The road transportation sector is highly fragmented with the presence of a large number of unorganised small truck operators. It is estimated that over 70% of truck owners in India have a fleet size of between one and five trucks. Truck operators are heavily dependent on intermediaries such as brokers and booking agents. The handlers hold a dominant position in pricing freight rates, shrinking margins of truck operators. Consequently, pure road transportation or trucking lacks pricing power and has low ability to pass on rising fuel and other costs. Larger fleet owners are obviously much better placed due to a large client base which they use to optimize utilization and achieve better margins. On per kg basis, LTL has relatively higher margin compared to FTL as the customer has relatively low bargaining power. Established players who have large fleets of about 1,000 plus trucks are able to venture into the high margin LTL business.

The trucking industry considered to be the backbone of India's economy- has been battered by the imposed lockdowns at the onset of the second wave of the pandemic in India especially after seeing steady recovery over the last couple of months from the first wave. The fresh wave of Covid-19 cases sweeping the country and the resultant lockdown measures implemented by several states have already started hurting transporters. The truck fleet utilisation had peaked to 85% in March, which was better than the pre-Covid levels, but has now dropped to 70%. Truckers are hard-pressed to pay back their EMIs. Transportation of goods through roadways slowed during April. The average number of daily e-way bills generated in April 2021 so far was around 2 million as compared to 2.3 million in March 2021. These bills are necessary for moving goods from one state to the other via road. Besides goods, people's movement has also reduced.

The Indian logistics sector has witnessed a significant sequential recovery after experiencing severe disruption in Q1 FY2021, on account of the nation-wide lockdown. This had created demand-side and supply-side challenges which eased in subsequent months as economic activity recovered. As lockdown-related restrictions eased and economic activity revived, the freight availability for logistics players also improved. Accordingly, many of the logistics companies reverted to pre-pandemic levels by end of Q2 FY2021 and started reporting Y-o-Y growth from Q3 FY2021, the same has continued into Q4 FY2021 as well. Freight rates also remained firm during this period.

The recovery was visible across the various modes of logistics activity. Both Full Truck Load, Less than Truck Load and Supply Chain Management businesses benefited from the pickup in manufacturing activity and consumer demand.

In terms of profitability, logistics companies have also been able to arrest the earnings contraction to a significant extent despite lower revenues and higher fuel prices, supported by aggressive rationalisation of fixed overheads and cost-control initiatives. However, as the impact of several cost-control initiatives like salary reduction, rental waivers etc. were temporary in nature; these levels of margins are not expected to be sustainable and could see a marginal decline in the near term.

In the current year, while profitability had come under significant pressure in the first quarter due to subdued asset utilization and high fixed costs, the same has revived subsequently to a large extent. With cost-control measures undertaken and focus on working-capital management, the sector has been able to alleviate concerns on profitability to a large extent. Growth over the medium-term is expected to gain momentum with anticipated increase in demand from segments like e-commerce, FMCG, retail, chemicals, pharmaceuticals and industrial goods coupled with industry paradigm shift towards organised logistics players post GST and E-way bill implementation. Additionally, the sector is likely to witness some consolidation trends, given the rising pressure on viability of small fleet operators.

The Company's management opines that the industry hit its trough during the raging pandemic in the last year and has already seen its worst days. Industries as also service providers are today better prepared to handle such crisis and ensure the continuity of business operations. The planned infrastructure push sounded by the Government in its earlier budgets awaits its imminent implantation and economic revival seems the only possibility ahead, with the Logistics industry sure to benefit from the growth in manufacturing and allied industries.

2. SWOT ANALYSIS

STRENGTHS

VRL is a well established brand in the country when it comes to surface transportation and the industry leader in the parcel transportation space. With a track record of over four decades, VRL has large size and scale of operations and operates on a pan India basis having one of the largest distribution networks in India. We are the only "Owned Asset" organised player in Less than Truck load logistics business in India. As on 31st March 2021, the Company operated with the total of 4,575 vehicles with a carrying capacity of 68,107 tons, and several owned premises, including branches, offices and transhipment

hubs. We maintain our stand that your Company also occupies the leadership position in the country for Less than Truck Load (LTL) movement of goods and it is only the absence of validated industry data that prevents us from claiming this fact.

The two major advantages that your Company enjoys over its competition are its well established wide network of branches and franchisees and its owned fleet of commercial vehicles with dedicated in-house vehicle body designing and vehicle maintenance facilities to cater to the parcel transportation. The Company presently operates across 22 States and 4 Union Territories in India and its reach is unmatched for the offering of LTL goods transportation services. Your Company is also one of the largest fleet owner of commercial vehicles in the Country and the same enables the Company to set unparalleled standards in the movement of LTL cargo in India in terms of service levels and safety of consignments.

Last Mile Delivery

The above figure depicts the 'Hub and Spoke' consignment delivery model followed by the Company. The policy at VRL is to own its vehicles for offering LTL services as also own significant infrastructure facilities comprising of warehouses and maintenance facilities. We also have a dedicated in-house IT setup which is a significant strength of your Company and the same has rendered a lot of control, cost savings and business flexibility over the years. The entire IT infrastructure of the Company is operated internally and the in-house developed ERP enables the Company to seamlessly operate on an online real time basis across all its business verticals as also integration with franchisees and select customers. Your Company also has built up capability to maintain its owned vehicle fleet internally and the cost savings arising out of economies of scale by way of tie-ups with fuel suppliers, vehicle manufacturers for supply of spare parts, tyres etc., as well as ongoing in-house R&D in this domain have enabled the Company to utilize its vehicles for a significantly longer term vis-à-vis the industry as also at significantly lesser maintenance costs.

Given below is the fleet break-up as owned by the Company –

As of	0.5 tons to 2.5 tons (a)	2.5 tons to 7.5 tons	7.5 tons and above	Car Carrier (1)	Available Capacity (tons)	Tanker (2)	Cranes (3)	Total Vehicles Owned	Buses	TOTAL FLEET

Note: (a) – this category consists of electric vehicles. (1) Used for transportation of automobiles, converted to HGV's from 2020. (2) Used for transportation of liquid (3) Cranes are predominantly used for internal operations.

Your Company benefits from in-house research and development with a capability to implement its findings and experiment with newer products and technologies on its owned vehicles. Several of its key findings have today been accepted and implemented even by vehicle manufacturers. In combination with own vehicle body designing facility and also with combination of multiple types of commodities handling such as heavy and bulk consignments inside goods carriages, the goods carriages can be utilized at higher capacity as compared to the earlier periods.

Overall, the in-house maintenance facility helps the Company to better utilize its fleet than competition as the vehicles owned by the Company can be used for longer period of time vis-à-vis outside vehicles. Also ~55% of the Goods transportation vehicles are fully depreciated ensuring vehicle fleet availability with no additional depreciation costs. Also ~93% of the Goods

Transportation fleet is debt free with no associated finance costs.

Your Company also has a very well diversified customer base. During FY 2020-21, the Company's largest customer and the top 10 customers put together contributed only 1% and 3% of the revenues of the Goods Transport business respectively and the lowest Trade Receivables in the industry. This has ensured that the Company has no dependencies on any customers or product categories. Similarly, there are no geographical or product related dependencies for the business which better insulates your Company vis-à-vis competition.

The year gone by was the year of pandemic and the financial performance in the first quarter of the fiscal witnessed massive operational cash losses and a lot of uncertainty existed with regard to recovering from it. The gradual recovery and eventual stunning volume growth recorded in the latter portion of the fiscal aptly demonstrated the inherent business model strength of the Company as operationally, the company was ever ready to handle the business coming its way. Its excellent financial standing ensured that the company was able to bear the brunt and recover very fast in the face of adversity.

WEAKNESSES, RISKS AND CONCERNs

The major concern businesses are facing now is pandemic related which has forced industries to step back and review their strategies, operations and processes. Organizations have realized that they need to build networks and/or channels that will allow them to adapt quickly and easily in a changing environment. Organizations will have to build systems that can optimize costs, accelerate reaction times and diversify channels. For networks to adapt quickly and function smoothly, it is also important to build agile teams willing to change and adapt rapidly to the external environment. Swift reaction to disruptions can hasten change and minimize damage. Given the same as also the very nature of LTL freight being transacted, we believe that your Company would easily adapt to any given change being witnessed across markets as owing assets and operating offices across the country provides it with the requisite flexibility and option to moderate or reorganize any changes to freight movements.

Our Bus operations were severely affected during the year. The same scenario also holds good for the first quarter of the current day fiscal. The operations of the Bus Division, though inherently seasonal, get further impacted by general public sentiment. Operations were fully shut during the initial few months of the financial year owing to lock down and the subsequent resumption also saw lower occupancy rates as also lower demand where the fleet could not be meaningfully deployed. Occupancy levels are abysmal and normalization of these is imminent soon as gradually the general public is coming out of their Covid-19 instilled travel concern. There is however a bright time ahead for this segment given the recent decision by the Government to allow the much awaited All India Permit for buses in line with that for Goods Vehicles. This segment would thereby see lower costs and encourage operators to look beyond their existing route limitations to access newer markets.

The surface transport industry suffers from an acute driver shortage issue and the said problem also affects your Company. The management opines that this is the single most important factor that affects all the transporters across the country. Your Company is however relatively better placed in this regard. VRL offers best in class salaries and emoluments including incentives to its drivers which help retention of this cadre. The Company also has enlisted its drivers on its payrolls and extends all statutory benefits such as PF, ESI, etc. to its drivers. The Company offers a good work environment as well and also takes care of their skill development by conducting routine training programs as well as awareness camps for its drivers. Your Company also conducts frequent health checkup and health camps for the drivers so as to make them more health conscious. Shortages however still remain and your Company is striving to further encourage more and more individuals to take up driving profession by visiting potential villages and towns and trying to remove the stigma being associated with the driving profession. The management also propagates at several forums the necessity of a joint industry effort to overcome this problem which is only expected to become more challenging in the days to come.

Lack of owned infrastructure at key centers is another present day weakness in the management's opinion. The Company has established owned transshipment hubs at key locations like Hubballi, Mumbai, Mangalore, Mysore, Bhilwara, Gangavati, Surat and Davangere. Long term leases have also been entered into at key locations such as Chennai, Delhi, Hyderabad, Bengaluru, Pune, Kolkata, etc. Owned infrastructure enables the company to set up good quality maintenance facilities as also better infrastructure for goods movement and material handling. The ownership of premises at such key business locations provides the Company with a lot of flexibility in conducting business operations and the same lead to considerable cost savings and also enables the Company to scale up its service levels. Setting up such owned infrastructure would however entail significant investments which in turn affect the return ratios and the management would need to balance the two so as to optimize stakeholder value as well as to cater to business growth for future. Your Company would consider gradually expanding its owned infrastructure at such key locations in the years to come.

OPPORTUNITY

Financial year 2021-22 is also expected to present disruptions on the business volume front. Lockdowns imposed in various states has affected the brick and mortar industries, leading to lower demand, conservative consumer behaviour as also restrictions in the movement of men and materials which has adversely impacted everyone in the surface logistics industry, especially on a B2B front. Freight volumes are however increasing and are bound to surpass pre-Covid-19 days in the near short term. This is so because being organized enables your Company to better handle the ongoing scenario as also many of the unorganized smaller operators have already shut shop as they were unable to cope up with the financial stress the pandemic presented. Given that the industry is dominated by these unorganized players and they are bearing the financial

brunt of the pandemic, organized players like your Company stands to benefit. We in fact remain quite optimistic of the possibility of relatively higher volumes coming your Company's fold in the days to come.

The present day stabilization of the GST regime has necessitated several documentation requirements to which organized players are better suited. Be it e-waybill compliance and providing necessary information to the customers for their compliances etc.

Your Company also has successfully obtained the requisite approvals from the respective RTOs and is now well poised to reap the benefits under the recent revision in Safe Axle Weights for Goods Transport vehicles by the Transport Division of Ministry of Road Transport and Highways which permits the carrying of higher weight on a Goods Transport vehicle. As of date, majority of the high capacity tonnage vehicles have been approved thereunder and these vehicles will be effectively used to carry the additional load as compared to the earlier periods. The same is expected to benefit your Company in the coming days. Though this was implemented more than a year ago, the company could not fully encash the advantages presented to it owing to the restricted movement of vehicles during the pandemic.

The vehicle scrappage policy is a government initiated program to replace old vehicles from Indian roads. According to the new policy, commercial vehicles greater than 15 years and passenger vehicles of greater than 20 years will have to be mandatorily scrapped if they do not pass the fitness and emission tests from April 01, 2022.

The imminent implementation of scrappage policy is being tentatively viewed by the road transport industry as there would be a very significant reduction in the number of vehicles plying on the roads. This however would be a blessing in disguise. The eventual situation of higher demand for vehicles would work favourably and coupled with the inevitable freight rate hike caused by such policy implementation would lead to a higher margins for the Company. Also, given the internal expertise the company has on the vehicle maintenance front all the useful spare parts from the vehicles getting scrapped would be available for usage apart from the one-time salvage income expected. It is pertinent to take note that any such scrappage would also not entail any hit to the Company's profitability as the vehicles are fully depreciated.

Though around 800+ vehicles from the existing fleet would be required to be scrapped, in terms of capacity these vehicles account for hardly 12% of its fleet capacity.

THREAT

Fluctuations in fuel prices resulting from diesel de-regulation, lorry hire charges payable to third party vehicles and input costs especially those related to tolls as also others like rent, salary etc. have a significant bearing on the Company's profitability margins. These represent a significant portion of the operating costs and any inability to pass on the same in entirety affects profit margins adversely. In particular, the cost of fuel has increased in the recent years regularly and fluctuates significantly due to various factors which are beyond our control. Historically, due to low customer dependencies, the Company has been in a position to pass on predominantly or at times even completely such increases to customers through periodic increase in freight rates or bus ticket prices. However, the ever present volatility represents a considerable threat to our result of operations.

The Company's operations could also be affected owing to development of newer policies by the different State Governments of the country. To quote an example, several states / cities have prohibited the entry of commercial diesel operated vehicles that are beyond a certain age. This necessitates the shifting of older vehicles and deploying these over other permitted routes which entails a cost. Also, one can never be certain as to when similar decisions would be implemented across other States and major cities which could affect us adversely.

The Company's business operations are totally dependent on the road network in India. There are various factors that affect the road network such as political unrest, bad weather conditions, natural calamities, regional disturbances or even third party negligence that can affect the condition of vehicles and cargo / passengers. Even though the Company undertakes various measures to avoid or mitigate such factors to the extent possible, some of these have the potential of causing extensive impact on operations and assets.

There is an expectation of a third wave of Covid-19. If the same happens, the business operations would again see a disruption over such time that the central govt./state govt. resorts to lockdown. However your Company has demonstrated resilience to such temporary blips and your management remains confident of overcoming any such situation.

3. SEGMENT-WISE PERFORMANCE

The pandemic has affected the operations in H1FY21 and this in turn affected the overall financial performance of the Company inspite of the turnaround in the second half of the fiscal.

The Overall revenues of the Company decreased by 16.58% during the current year in comparison with the earlier year. On a year-to-year basis, goods transportation volume decreased by 14.14%. However revenues decreased only by 7.61% due to higher realization per ton during the year.

The revenues of Bus Operations division decreased by 62.08% due to non-operation of buses during the pandemic as also reduced occupancy and realization per passenger during the limited operational period.

The Wind Power division of the Company recorded revenues of ₹ 1757.44 lakhs, a decrease of 5.75% due to decrease in net power units generated - 5,48,67,390 units in FY-20 to 5,17,12,219 units in FY-21.

The Transport of Passengers by Air division recorded revenues of ₹ 1182.37 lakhs as against corresponding revenues of ₹ 1982.34 lakhs for the previous year due to lower commercial flying as also maintenance related idle time with respect to one of the aircrafts.

4. OUTLOOK

In the aftermath of the pandemic, financially strong and organized players stand to benefit at the expense of smaller and marginal players who dominate the industry. This was seen last year as well. Also, we now expect better utilization and revenue realization per vehicle for our Goods Transport Vehicles in view of the recent revision in Safe Axle Weights for Goods Transport vehicles which permits the carrying of higher weight on a Goods Transport vehicle thereby increasing its payload.

On the passenger bus operations front, we expect to benefit from the recently introduced 'All India Permit' for private buses which would lead to a significant reduction in the operational cost for that segment.

Given the nearly non-existent revenues of the bus operation segments as also limited operations of the goods transportation segment, your management opines that the financial performance of the initial quarter of the ensuing fiscal would be discouraging. Also if the third wave of the pandemic were to turn out to be a reality, the financial performance of the company would similarly suffer in the wake of lockdowns that may be imposed from state to state. However your management remains confident on the subsequent financial recovery and also the company's preparedness to capture higher freight volumes that would be available in the markets based on past experience.

The inherent strength in our business model ensures that the Company is not dependent on any particular customer or industry for its revenues. In these difficult times, the available drivers and vehicles are being selectively deployed for Full Truck Loads and Parcels depending on return load and other ground level position as the situation warrants. We are transacting freight business coming our way and our entire team has existing customers as also potential customers for getting business. We are doing an internal review and are conducting focused state-region level meeting to increase the freight density in the local pockets for growth and we are encouraged by the response to such initiative.

5. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an Internal Control System, commensurate with the size, scale and the nature of its operations. The Internal Control function emanates at the Board level and its scope and authority of the Internal Audit function is well defined. To maintain objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee of the Board & to the executive Chairman and the Managing Director. The Internal Audit Department monitors and evaluates the efficacy and adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies across the Company. Based on the report of internal audit function, process owners undertake remedial action in their respective areas and thereby strengthen the controls. Significant audit observations and recommendations along with corrective actions thereon are presented to the Audit Committee of the Board.

As regards the operation of internal controls, majority of these have been inbuilt in the internal procedures established by the organization which are also documented internally. These include in details the methodology to be adopted right from transacting bookings, effecting consignment deliveries, etc. and also describes the practices to be followed for the smooth operation of business. Inspection teams are formed at the head office level as well as at the transshipment level and cover the entire branch network of the Company periodically for exhaustive inspection for adherence to the set procedure. Deviation from the laid down procedure is escalated to the Functional heads as also directly to the Executive Directors.

The Company had laid down guidelines, policies, procedures and structure to enable implementation of appropriate internal financial controls across the company. These control processes enable and ensure the orderly and efficient conduct of company's business, including safeguarding of assets, prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation & disclosure of financial statements. There are control processes both on manual and IT applications including ERP applications, wherein the transactions were approved and recorded. Review and control mechanisms are built in to ensure that such control systems are adequate and operating effectively.

Other control processes are IT driven and the in-house information technology capabilities ensure that due flexibility is available in the system to further strengthen controls as the case may be. Your management appreciates the need to remain efficient in their workings and recognized their responsibility in establishing controls as also effectively implementing them and monitoring their effectiveness on a periodic basis.

Tax Expense	1,867.28	1,420.19
Profit for the Year(excluding other comprehensive income)	4,506.79	9,011.49

The revenue from operations decreased by 16.79% from Rs 2,11,853.97 lakhs to Rs 176292.24 lakhs. Including other income the growth rate decreased by 16.58% from Rs 2,12,885.65 lakhs to Rs 177578.73 lakhs. EBITDA of the company for FY 2020-21 was Rs.26035.04 lakhs.

The Company has adopted Ind AS 116, 'Leases', effective 1 April 2019, using modified retrospective approach, which affects the amount of finance cost and depreciation accounted in the books. The impact of the same can be seen in the below table:

(₹ in lakhs)

Amounts recognized in statement of profit and loss	For the year ended 31 March 2021	For the year ended 31 March 2020
Depreciation charge on Right-of-use assets-Buildings	6,542.61	6,441.05
Interest expense included in finance cost	2,353.77	2,521.24
Expense relating to short-term leases	2,915.39	3,843.23
Total cash outflow for leases during current financial year (excluding short term leases)	8,778.65	7,739.71
Additions to the right of use assets during the current financial year	12,197.92	5,181.03

Despite recording a loss before tax of over Rs.8,380.77 lakhs in Q1, the Company closed the financial year with a profit of Rs.4,506.79 lakhs. Considering the net loss of Rs.6271.49 lakhs recorded in Q1, the latter three quarters recorded net profit to the tune of Rs.10778.28 lakhs, which was more than the full year's profit of the preceding financial year.

The net cash flow from operation increased from Rs.25,728.46 lakhs to Rs. 27,111.23 lakhs during this year. The highlight further was that only the Goods Transportation segment, the core business of the Company, recorded profits during the current year. To achieve this, the management of the company took various initiative, especially involving the top management of the company travelling across the country, interacting regularly with the ground level staff, empowering and encouraging the people on the ground to take timely decisions, focus on their local markets to increase the business volumes by adding more number of customers.

Periodic review of freight rates based on the ever changing ground realities was continuously undertaken along with effective cost control measures relating to certain fixed costs such as employee cost, rent expenses, vehicle taxes, etc.

We keenly monitored the continuous increase in the fuel rates which is the highest cost for our business. The diesel rate during the year increased by around Rs.21 per liter and we have taken various steps to control the fuel cost by increasing the quantity of biodiesel (23.3% of total quantity in FY21) which is much cost effective compared to the normal fuel and increasing the diesel purchase quantity directly from refineries.

We reviewed the statutory provisions of the Motor Vehicle Act during the year and categorized certain vehicles as “non-use” vehicles during the year to save on associated vehicle taxes. This helped reduce the vehicle taxes on vehicles which were not in use during the lockdown period.

A conscious branch profitability study was initiated and measures were taken to open 21 new branches in FY21 and closing 52 non performing branches. This not only helped in our saving costs, but also resulted in consolidation of operations without affecting Goods Transport business turnover.

The latter portion of the financial year (H2 FY21) of the financial year was a great one for the Company in terms of operational volumes in the goods transportation segment. We focused more on increasing kilometers operated by our own goods vehicles by doing optimal driver-vehicle allocation resulting in higher kilometers being covered by owned vehicles. H2 FY21 saw operations normalizing, and the company witnessed a 19% growth in Revenue and 79% growth in EBITDA, in comparison to the second half of the previous year (H2 FY20). The comparison is provided in the below chart-

Profitability

In absolute terms, the EBITDA of the company decreased by 15.63% from Rs.30,858.48 lakhs to Rs.26,035.04 lakhs. However, when expressed as a percentage to the total income for the year, the EBITDA margin increased by 0.17% from 14.50% for the last year to 14.66% for FY 21. Total operating cost, in absolute terms, decreased by 16.75% from Rs.1,82,027.17 lakhs to Rs.1,51,543.69 lakhs for the year.

The EBIT of the company decreased by 28.71% from Rs 14,105.05 lakhs to Rs.10,056.02 lakhs in absolute terms. When expressed as a percentage of total income, the same decreased by 0.96% from 6.63% to 5.66% for the year.

The PBT of the company has decreased by 38.90% from Rs 10431.68 lakhs to Rs 6374.07 lakhs in absolute terms. In terms of percent of total income, the same decreased by 1.31% from 4.90% to 3.59% for the year.

Interest Expense increased from Rs.3,673.37 lakhs to Rs.3,681.96 lakhs for the year.

Profit after tax decreased by 49.99% from Rs 9011.49 lakhs to Rs 4506.79 lakhs in absolute terms. When expressed as a percentage to total income, the same decreased by 1.70% from 4.23% to 2.54%.

The Company rewarded the shareholders with a Buyback and has also recommended a healthy dividend for the year in light of the excellent cash accruals recorded during the year.

Buyback – During the year the Company initiated an Open Market Buyback through the Stock Exchange mechanism. A total of 20,00,000 equity shares were purchased by the Company at a weighted average price of Rs.253.36 per share. Including taxes thereon, a total sum of Rs.6321.33 lakhs was spent on the said Buy-back. The said amount was adjusted to the Securities Premium account in the financial statements.

Dividend - The Board of Directors at their meeting held on June 12, 2021 have recommended a dividend of Rs.4/- per equity share out of the current year's profits. Once approved at the ensuing Annual General Meeting, the same would result in a total outflow of Rs.3533.73 lakhs.

Goods Transport (GT)

GT revenue decreased by 7.61% from Rs.1,72,392.91 lakhs to Rs.1,59,275 lakhs. Tonnage decreased by 14.14%. The decrease in tonnage was impacted by the lockdown imposed in various parts of the country in H1 FY21.

GT EBITDA of the company has increased by 6.49% from Rs.22,929.72 lakhs to Rs.24,417.02 lakhs in absolute terms while margins increased by 2.03% from 13.30% to 15.33% inspite of rising fuel prices. The EBITDA margins were impacted by the fixed costs that the company incurred during lockdown, such as Rent, Salary, Vehicle taxes, enroute expenses and

Compensation charges paid to drivers and labour. All these expenses were incurred in spite of vehicles being stationary. Apart from this, procurement of fuel also increased, as company operated its own vehicles and cut down on dependence on hired vehicles. Fuel expenses as a percent to total GT income increased by 2.44% from 25.95% to 28.38%.

Note: Percent to Total Goods Transport Business

Inspite of the rising fuel prices , the company was able to compensate by controlling there operating expenses which helped in reducing Lorry hire expenses by 1.14% , Maintenance costs by 0.81%, Tyre costs by 0.26%, Rent by 0.48%, Agency commission by 0.18% and Hamali costs by 0.18% as a percent of total GT income.

This clearly indicates that the Company was able to fully pass on the incremental costs to the customers in this segment despite a difficult economic situation which is an encouraging sign.

Passenger Travel (PT)

PT revenue decreased by 62.08% from Rs 34371.06 lakhs to Rs 13033.56 lakhs. Overall, it was very bad year for this segment owing to the following:

- decrease in number of buses from 337 to 291
- decrease in the number of passengers travelled by 58.45% in comparison with the earlier year

- decrease in number of trips by 56.35% owing to pandemic restrictions
- decrease in realisation per passenger by 8.98% in comparison with the earlier year .
- increased fuel price during the year
- incurring fixed costs despite not having any operations during the lock down.

EBITDA of the segment decreased from Rs.4,863.98 lakhs in FY20 to (Rs.703.15) lakhs in FY21. EBITDA Margins decreased by 19.55% from 14.15% in FY20 to (5.39%) in FY21.

Significant changes to key financial Ratios:

Barring Debt Equity ratio, Current Ratio and Interest Coverage ratio there was no significant change to the other key financial ratios, i.e. Debtors turnover, Inventory Turnover, Operating Profit margin and the Net profit margin. All profitability and turnover related ratios may not be comparable on a year on year basis as these numbers were adversely affected owing to the pandemic and may not be representative of a normal business scenario.

The Debt Equity ratio was 0.28 as of 31 March, 2020 and the same decreased to 0.17 as of 31 March, 2021.

The Current ratio of the Company increased from 0.69 as of 31 March, 2020 to 0.72 as of 31 March, 2021.

Return on Net Worth

The Return on net worth decreased from 14.28% for the financial year 2019-20 to 7.28% for the financial year 2020-21.

7. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT – EMPLOYEE DATA

The total employee strength of the Company as of 31.03.2021 was 19763. Given the nature of operations, a significant portion of the said employee strength comprises of drivers, cleaners, garage mechanics and other unskilled employees.

Despite the large number of employees as also considering the widespread geographical operation of the Company, your management feels proud to state that the employer – employee relations remained extremely cordial throughout the year. There were no instances of strikes, lockouts or any other action on part of the employees that affected the functioning of the Company. It is noteworthy that there is no Employee Union / Trade Union / Union within the organization.

Note:

Our management is of the opinion that the mere absence of a documented policy alone is no reason to assume that our business is not conscious as to its environmental obligations. We have diversified more than a decade ago into Wind Power generation and ours was one of the very few projects which was approved by the Global body under United Nations Framework Convention on Climate Change (UNFCCC). We had entered into a long term contract with the Asian Development Bank (ADB) which purchased all our carbon credits (CERs) in entirety. We are pioneers in the Surface Transport industry to consume bio-diesel as an alternative and Green Fuel and during the financial year under this report, the consumption of the same was to the tune of 23.30% of our total consumption which amply demonstrates our commitment to Greenhouse Gas reduction. In fact, the company has played a vital role in environmental development and also has generated income from trading possible Green House Gas (GHG) emission reductions generated by its Windmill project in the past. The Company's Clean Development Mechanism (CDM) project is registered with the United Nations Framework Convention on Climate Change (UNFCCC) and necessary approvals for the trade of carbon credits have been procured. As on date, the Company has a tradable balance of Certified Emission Reductions (CERs) of 306,448 units which has been duly certified.

We wish to submit that we are in full compliance with all the environmental laws applicable to us. In fact, our waste treatment and disposal as also our rain water harvesting efforts at Hubballi have resulted in our increasing the water table at the location where our centralized vehicle maintenance facility is located. We are one of the few organized transporters who have also consciously ensured that our bigger transhipment yards are provided with battery operated forklifts instead of diesel based ones. This ensures better well-being of our workforce situated there as also reduces pollution.

We have also commenced the commercial application of electric vehicles for effecting local deliveries and pick-ups and have included additional 12 E-Autos to enable delivery at Hubballi, where our head office is situated. Gradually we would be deploying more and more of such vehicles in the days to come.

As regards Liaison, we are a part of nearly all the important industry bodies and play a proactive role in highlighting and taking up matters for betterment of our surface transport industry.

Section E: Principle wise performance

P. No.	Description	Response
Principle 1 – Business should conduct and govern themselves with Ethics, Transparency and Accountability		
1.1	Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs / Others?	We are committed to observing good corporate governance practices. Our policy on Code of Ethics and Business Code is applicable to all employees and Directors to guide them to conduct business in an ethical, responsible and transparent manner. We have not covered outsiders such as Contractors / Suppliers etc. and would consider doing so in due course. Our policy lays down the conduct expectations for our employees while dealing with the outside world. We do not propose to include outsiders under our policy for the time being.
1.2	How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.	No complaints in this regard were received during the year.

Principle 2 - Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

2.1	List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.	We are engaged in providing logistics solutions and none of our business operations have any inherent design capable of adversely impacting society or environment. In fact we are proactive and continuously strive to implement energy efficient equipments, non-conventional energy sources and alternate non-polluting fuel, usage of electric forklifts for material handling, usage of e-autos etc.
2.2	For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional): a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain? (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?	NA
2.3	Does the company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.	We have set up a robust sourcing procedure. Our procurement and commercial policies include several parameters based on which suppliers are evaluated and selected for supplying various materials. It is pertinent to note here that our relationships with vendors are long term in nature. Major Commercial vehicle manufacturers like Ashok Leyland and Volvo Eicher have set up their own stores in our vehicle maintenance premises. Periodic supplier evaluation is being undertaken. During the year, our entire procurement was nearly sourced from domestic vendors.
2.4	Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?	As indicated nearly 100% of our procurement is indigenous. We encourage local industrial units in sourcing our vehicle maintenance related procurements.
2.5	Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.	We do not generate significant waste as our operations are scattered across the country. It is pertinent here to however state that our centralized vehicle maintenance facility at Varur, Hubballi, has a suitable discharge treatment mechanism. All our major hubs and facilities have proper discharge treatment systems in place.

Principle 3 - Businesses should promote the well-being of all employees

VRL employs nearly 20000 individuals across India. We belong to the surface transportation industry which is highly unorganized in India and majority of the workforce comprises of semi-skilled and unskilled employees. Contrary to general industry practice, we however ensure that our employees are extended all Statutory benefits such as PF, ESI and group insurance coverage for selected employee category. We ensure that our work timings are reasonable and provides a proper work-life equilibrium. Our attrition rates are the lowest in our industry and most of our middle and senior management staff are with the Company since decades.

3.1	Please indicate the total number of employees	We had 19763 employees as of 31 March, 2021
3.2	Please indicate the total number of employees hired on contractual/ casual basis	We do not hire individuals on contract basis
3.3	Please indicate the total Number of permanent women employees.	267
3.4	Please indicate the number of permanent employees with disabilities	5

3.5	Do you have an employee association that is recognized by management?	We do not have any employee union in our Company
3.6	What percentage of your permanent employees is members of this recognized employee association?	Not Applicable
3.7	Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.	There were no instances of any child labor, forced / involuntary labor, discriminatory employment during the year. No Sexual Harassment complaints were received during the financial year.
3.8	What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year? Learning and Development (L&D)	Training relating to safety and skill is extended to drivers and maintenance staff. Individual employees based on their performance are identified and trained on need basis. We do not have percentage data for the same.

Principle 4 - Businesses should respect the interests of and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

4.1	Has the company mapped its internal and external stakeholders? Yes/No	We have identified our stakeholders, both internal as well as external, who directly or indirectly influence our business. Our key stakeholders include Employees, Customers, Shareholders, Suppliers, Bankers, Government Regulators and Local communities.
4.2	Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?	We opine that we cannot have a general classification whereby we consider one / many of the above stakeholder category to be 'vulnerable'. However among the above stakeholder category of Local community we have identified the lack of health awareness as also dearth of good educational facilities at select locations and we try to do our bit as Staff Welfare measures as also contribute to activities under CSR predominantly relating to Healthcare, Sports and Education towards a betterment of the local populace.
4.3	Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.	We have identified healthcare, sports and education as its key focus areas and works towards a betterment of the local populace. Apart from the same we have also participated in limb replacement camps, health awareness camps, contribution to select deserving schools, hospice and hospitals etc. during the year. For more details, please refer "Corporate Social Responsibility" section of Director's Report of the Annual Report.

Principle 5 - Businesses should respect and promote human rights

5.1	Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers /Contractors /NGOs/Others?	Our policies cover only our employees and do not extend to external stakeholders. Also the very basic culture of our organization is based on extending respect to all concerned, especially when we deal with lakhs of bus passengers travelling on our buses, dealing with thousands of customers on a daily basis as also engaging the services of outside vehicles requiring extensive engagement with external drivers and diverse workforce.
5.2	How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?	We were not in receipt of any complaints which can be covered under the ambit of human rights during the year.

Principle 6 - Business should respect, protect and make efforts to restore the environment

6.1	Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures /Suppliers /Contractors /NGOs/ others.	We do not have a documented environment policy. The norms applicable to commercial vehicles w.r.t. pollution are ever changing and we also await clarity on the Government's policy on vehicle aging and related replacement policy. We would come out with a policy only once the ever changing regulatory dynamism surrounding this matter achieves some stability. We wish to also emphatically submit that we are in full compliance with all the environmental laws applicable to us.
6.2	Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.	<p>As indicated we do not have a documented policy and resultantly any documented literature enumerating our strategies on that front.</p> <p>We would however like to state that the lack of a documented policy does not mean that we do not appreciate the importance of the issues relating to environment. We are very environment cautious and wish to state as under</p> <ul style="list-style-type: none"> - We have installed a wind farm with a present day capacity of 40 MW and the said project has due recognition under the United Nations Framework on Climate Change Convention – We are eligible for carbon credits and have earned significant revenue from the sale of such units as well in the past - All our vehicles are in compliance with the emission norms - We ensure good quality of fuel and reduce emissions and wastages by usage of additives as well - We encourage and use alternative fuel such as bio-fuel – in fact we believe that we are the pioneers in the usage of this fuel for commercial vehicles - We have installed solar panels for electricity in most of our bigger branches - We are gradually phasing out our diesel forklifts and replacing the same with battery operated forklifts in our warehouses which do not pollute at all <p>The above list is not exhaustive and above are a few of the initiatives implemented by us as an environment conscious entity.</p>
6.3	Does the company identify and assess potential environmental risks? Y/N	Yes we do and also initiate remedial measures a few of which are listed above
6.4	Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed?	<p>We have installed a wind farm with a capacity of 40 MW at Kappatgudda in Gadag district of Karnataka</p> <ul style="list-style-type: none"> - The said project was one among the very few projects which got due recognition under the United Nations Framework on Climate Change Convention - We are eligible for carbon credits and have earned significant revenue from the sale of such units as well in the past - We had a tie up with the Asian Development Bank (ADB) which procured these Carbon Credits from us in the past
6.5	Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.	Please refer para 6.2 above.
6.6	Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?	We are in compliance with the applicable regulatory requirements in relation to emissions / waste generation
6.7	Number of show cause/ legal notices received from CPCB/ SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.	During the year the Company did not receive any such notice.

Principle 7 - Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

7.1	Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:	We are a member of the below – - All Indian Motor Transport Congress (AIMTC) the nodal body of surface logistics players in the country. We are members of the State Level Goods Transport Associations` - Members of the Federation of Karnataka of Chamber of Commerce and Industry(FKCCI) - Approved Logistics Service Provider of the Indian Banks Association - Members of International Air Transport Association (IATA) - Members of the Bus Operators Confederation of India (BOCI) etc. - Member of the Karnataka Tourist Bus Operators Association
7.2	Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)	We have participated in the various forums of the above organizations and actively take up matters which we consider as industry grievances.

Principle 8 – Businesses should support inclusive growth and equitable development

8.1	Does the company have specified programmes /initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.	Our CSR initiatives are based on the principle of making enduring impact through programs that promote social and economic inclusion. We strongly believe that we can sustain in the society only if it is not deprived of good health and sound education. We promote and participate in projects related to healthcare, health awareness, yoga, educations, sports facilities etc. with due consideration to the underprivileged and marginalized sections of the local community. For more details, please refer "Corporate Social Responsibility" section of Director's Report of this Annual Report.
8.2	Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/ any other organization?	Our CSR initiatives are being carried out directly by us as also by way of direct participation / contribution to projects deemed deserving.
8.3	Have you done any impact assessment of your initiative?	We have not specifically conducted an impact assessment but wish to acknowledge the tremendous positive feedback received on our initiatives
8.4	What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?	During FY 2020-21, our Company spent an amount of ₹ 260.28 lakhs towards its CSR initiatives. For more details, please refer "Corporate Social Responsibility" section of Director's Report.
8.5	Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.	We have taken steps to ensure that our initiatives are successfully adopted by the community. We undertake a thorough study prior to committing ourselves. We ensure that our diligence is comprehensive enough to warrant a commitment. We have a dedicated Trust to oversee the activities and the same is manned by full time employees. Our executives are also selectively attached to different initiatives and they too spend sufficient time and oversee the implementation of our initiatives.

Principle 9 - Businesses should engage with and provide value to their customers and consumers in a responsible manner		
9.1	What percentage of customer complaints/consumer cases are pending as on the end of financial year.	0.49% of the customer complaints remained pending as on 31st March 2021. Also a total of 26 consumer forum cases are pending in relevant District / State consumer forums.
9.2	Does the company display product information on the product label, over and above what is mandated as per local laws? Yes /No /N.A. /Remarks (additional information)	Not applicable
9.3	Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.	No cases relating to Unfair Trade Practice, Irresponsible advertising or anti-competitive behavior were filed that remain pending as of the end of the financial year. We have already stated the total consumer cases pending in 9.1 above.
9.4	Did your company carry out any consumer survey/consumer satisfaction trends?	We regularly interact with our customers to get their feedback on our services and deliverables. We have not carried out any specific consumer survey though. We have dedicated 24/7 customer care set up for our goods as well as passenger business.

REPORT ON CORPORATE GOVERNANCE

The Company's philosophy on Corporate Governance has been developed with a tradition of fair and transparent governance. Transparency, integrity, professionalism and accountability based values form the basis of the Company's philosophy for Corporate Governance and the continued application of these principles to the business practices has led to the growth of the Company over the years. The Company believes that corporate governance transcends financial results and is a pre-requisite to the attainment of excellent performance in terms of stakeholders' long term value creation. The Company believes Corporate Governance is an ethically driven business process that is committed to values, aimed at enhancing an organization's brand and reputation. Hence, it is imperative to establish, adopt and follow best corporate governance practices, thereby facilitating effective management and carrying out our business by setting principles, benchmarks and systems to be followed by the Board of Directors (the "Board"), Management and all Employees in their dealings with Customers, Stakeholders and Society at large.

The objective of the Company is not only to achieve excellence in Corporate Governance by conforming to prevalent mandatory guidelines on Corporate Governance but also to improve on these aspects on an on going basis with a continuous attempt to innovate in adoption of best business practices for value creation. The Company believes that good Corporate Governance is a continuous improvement seeking process and strives to further improve the Corporate Governance practices to meet the expectations of all the stakeholders.

We detail hereunder the Company's compliance with Regulation 34(3) read with Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "SEBI Listing Regulations"):

I) Board of Directors

The Board is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interests of our stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of corporate governance.

(a) Composition of the Board

The composition of the Board is in conformity with Section 149 of the Companies Act, 2013 and Regulation 17 of the SEBI Listing Regulations, which stipulates that the Board should have optimum combination of executive and non-executive directors with at least one Independent woman director and at least 50% of the Board should consist of independent directors, as the Chairman of our Board is an executive director.

As on 31 March, 2021, the Board comprised of twelve Directors. Out of these, four are Executive Directors - Chairman & Managing Director, Managing Director who are also the Promoters of the Company and, by virtue of the Company's Articles of Association not liable to retire by rotation, and two other whole-time directors who are liable to retire by rotation.

Of the eight Non-Executive Directors, six are Independent Directors (IDs). The Company has appointed two Independent Woman Directors. The Directors possess the requisite qualifications, expertise and experience in general corporate management, finance, banking, academics, law and other allied fields enabling them to contribute effectively in their capacity as Directors of the Company.

None of the Directors of the Company are related to each other except Dr. Vijay Sankeshwar, Chairman & Managing Director (CMD) and Mr. Anand Sankeshwar, Managing Director (MD) who are related to each other and are the Promoters of the Company.

The Company has issued a formal appointment letter to the IDs, as required under Section 149 of the Companies Act, 2013 read with schedule IV of the Companies Act, 2013. The terms and conditions of appointment of the Company's ID is available on the Company's website www.vrlgroup.in.

(b) Number of Board Meetings

The Board of Directors met four times during the financial year 2020-21. The meetings were held on 20 June 2020, 14 August 2020, 06 November 2020 and 06 February 2021. The maximum time gap between two consecutive meetings did not exceed one hundred and twenty days except the board meeting held on 20 June, 2020 which was held within time frame permitted under SEBI circular due to pandemic situation. The Board meeting prior to the first meeting of the reporting fiscal was held on 8 February, 2020. Considering that the next meeting was held on 20 June, 2020, the gap between the said two meetings was 132 days, however, considering the operational disruption caused by the Covid-19 pandemic, and in line with the relaxation in such time gap as communicated by SEBI vide its Circular SEBI/HO/CFD/CMD1/CIR/P/2020/38 dated 19.03.2020 and MCA, vide

its General Circular No. 11/2020 dated 24.03.2020, such time gap was in order.

(c) Directors' attendance record and details of Directorships/Committee Positions held

In terms of SEBI Listing Regulations, none of the Directors on Board is a Director in more than seven listed companies and is a member of more than Board-level committees and Chairman of more than five such committees, across all such companies in which he/she is a Director.

Further, none of the Directors of the Company serve as Independent Director in more than seven listed companies.

Table 1 provides the names and categories of Directors, their attendance at the Board Meetings held during the year and at the last Annual General Meeting as also the number of Directorships and Board-level committee positions held by them.

- Board diversity with respect to Background / experience / competence / gender / etc.
- Review of strategies, risk assessment, robustness of policies and procedures as also organizational culture by the Board;
- Review of the financial reporting process & monitoring Company's internal control system with a special focus on internal controls in relation to financial reporting;
- A review of the overall quality of Board meetings in terms of frequency, notice, agenda circulation, sufficiency of time for meaningful deliberations and quality of discussions;
- Review of flow of information to the Board members, Comprehensive coverage of matters in the agenda papers, conduct of meeting, etc.;
- Effective discharge of functions by the Committee vis-a-vis their terms of reference;
- Appropriateness and timeliness of reports relating to compliance with laws and regulations as are applicable to the Company;
- Review of engagement with senior management team by the Committees and the Board;
- Existence of a mechanism to address potential conflict of interest, appointment / retirement / grievance redressal and remuneration of Board members;
- Review of the time spent by the Board on policy and strategy issues and action plans.

The duly completed structured questionnaire was collected from the individual directors. The feedback received on evaluation process was accumulated and there was an unanimous conclusion whereby the Directors recognized that the Board and its Committees were functioning effectively and acknowledged the efforts and contributions made by the Chairperson, Managing Director, Executive Directors, Non-Executive Directors and Independent Directors towards the Board's functioning.

The Board also acknowledged the efforts put in by the Executive, Non-executive and Independent Directors and on the basis of the above parameters concluded that its overall functioning as also the functioning of its committees is effective. Feedback on performance of individual directors was provided to them and the same was also accepted as satisfactory. The performance of the Chairperson was found to be very effective.

- Revalidation of Dividend Warrants**

In respect of members who have either not opted for NECS/ECS mandate or do not have such a facility with their bankers and who have not encashed earlier dividends paid by the Company, are requested to write to the Company's Share Transfer Agents for revalidation of expired dividend warrants and failing their encashment for a period of seven years, they stand to lose the right to claim such dividend from the Company owing to transfer of unclaimed dividends beyond seven years to Investor Education and Protection Fund, as detailed under point no. VI above.

- Update Address/ E-MailAddress/Bank Details**

To receive all communications/update on corporate actions promptly, members holding shares in dematerialized form are requested to please update their address/e-mail address/bank details with the respective Depository Participants and in case of physical shares, the updated details have to be intimated to the Registrar and Share Transfer Agents.

- Electronic Service of Documents to Members at the Registered Email Address**

As a responsible corporate citizen, your Company is supportive of the "Green Initiatives" taken by the Ministry of Corporate Affairs, Government of India (MCA) and Securities and Exchange Board of India (SEBI).

Accordingly, in respect of Members who have registered their email addresses, the Company will be dispatching all documents vide electronic form.

In accordance with Rule 18 of the Companies (Management and Administration) Rules, 2014 notified under the Companies Act, 2013, the companies may give Notice of the General Meetings through electronic mode. Further, the said Rule provides that advance opportunity should be given at least once in a financial year to the Members for registering their email address and changes therein, as may be applicable. Further, Rule 11 of the Companies (Accounts) Rules, 2014 notified under the Companies Act, 2013 provides that in case of listed companies, financial statements may be sent by electronic mode to such members whose shareholding is in dematerialized form and whose email IDs are registered with the Depository for communication purposes. As regards members whose shareholding is held in physical form, the financial statements may be sent in electronic mode to those members who have positively consented in writing for receiving such documents by electronic mode.

In view of the above, the Company shall send all documents like General Meeting Notices (including AGM notices), Annual Reports comprising Audited Financial Statements, Directors' Report, Auditors' Report and any other future communication (hereinafter referred as "documents") in electronic form, in lieu of physical form, to all those members, whose email address is registered with Depository Participant (DP)/Registrars and Share Transfer Agents (RTA) (herein after "registered email address") and made available to us, which would be deemed to be the member's registered email address for serving the aforesaid documents. To enable the servicing of documents electronically to the registered email address, we request the members to keep their email addresses validated/updated from time to time. We wish to reiterate that Members holding shares in electronic form are requested to please inform any changes in their registered e-mail address to their DP from time to time and members holding shares in physical form have to write to our RTA, KFin Technologies Private Limited at their specified address, so as to update their registered email address from time to time.

Please note that the Annual Report of the Company will also be available on the Company's website www.vrlgroup.in for ready reference. Members are also requested to take note that they will be entitled to be furnished, free of cost, the aforesaid documents, in physical form, upon receipt of requisition from the member, anytime, as a member of the Company.

- **E-Voting Facility to members**

Independent Auditor's Report**To the Members of VRL Logistics Limited****Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying Ind-AS financial statements of VRL LOGISTICS LIMITED ("the Company"), which comprise the Balance Sheet as at 31 March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flow for the year then ended and the Notes to the Ind-AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind-AS financial statements give the information required by the Companies Act, 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (India Accounting Standard) Rules, 2015, as amended, (Ind-AS) and with other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2021, the profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind-AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind-AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind-AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind-AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind-AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. no.	Key audit matter	How our audit addressed the key audit matter
1.	<p>Revenue recognition and measurement</p> <p>Refer to Note 1(l) (Accounting policies) and Note 22 of the financial statements for aggregate revenue from sale of products and services recognised as required by the applicable Ind AS. The application of Ind AS 116 involves use of significant judgements and estimates including determination of leases, lease term including termination and renewal option, use of practical expedients, and discount rates for each lease etc.</p> <p>Risk identified:</p> <p>Owing to the inherent subjectivity related to principal assumptions such as discount rates, we have identified the application of Ind AS 116 as a key audit matter for the current year audit.</p>	<p>Our procedures included:</p> <p>Accounting policies:</p> <p>Understanding and assessed the appropriateness of the accounting policy adopted by the Company for leases.</p> <p>Tests of controls:</p> <p>Obtained an understanding of the Management's process for identification of leasing arrangements which are considered to be within the scope of Ind AS 116, Leases, and tested the design and effectiveness of Management's controls relating to identification and accounting of lease contracts and disclosures.</p> <p>Tests of details:</p> <ul style="list-style-type: none"> • Reviewed the overall impact analysis prepared by the Company including completeness of lease contracts, lease term and application of practical expedients. • Tested the reasonableness of key assumptions used including discount rate, lease terms and measurement principles. • Tested the inputs and calculations of the right-of-use assets and lease liability, prepared by the management for each material lease contract. • Verified the accuracy of the underlying lease data used to calculate the transitional impact, by agreeing a representative sample of leases to original contracts or other supporting information. • Verified the integrity and arithmetical accuracy of Ind AS 116 calculations for each sample, through recalculation of the Ind AS 116 adjustments. <p>We also evaluated the appropriateness and adequacy of disclosures made in the financial statements with respect to lease liability and right of use assets recorded during the year, in accordance with Ind AS 116.</p>

Information Other than the Ind-AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report and Report on Corporate Governance but does not include the Ind-AS financial statements and our auditor's report thereon which we obtained prior to the date of this auditor's report.

Our opinion on the Ind-AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind-AS financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the Ind-AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Ind-AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind-AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind-AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind-AS financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind-AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind-AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind-AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind-AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016, ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind-AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with relevant rule issued thereunder.
- e) On the basis of the written representations received from the Directors of the Company as on 31 March, 2021 and taken on record by the Board of Directors, none of the Directors of the Company are disqualified as on 31 March, 2021, from being appointed as a Director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) According to information and explanations given to us and based on our examination of the records of the Company, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its Ind-AS financial statements - Refer Note 32 to the Ind-AS financial statements.

Annexure A to the Independent Auditor's Report

The Annexure referred to in paragraph 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditors' Report to the members of the Company on the Ind-AS financial statements for the year ended 31 March, 2021:

Statement on Matters specified in paragraphs 3 and 4 of the Companies (Auditor's Report) Order, 2016:**1. Fixed Assets:**

- a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) The Company has a program for physical verification of fixed assets at periodic intervals. The Company has conducted physical verification of fixed assets according to the program mentioned above. In our opinion, the period of verification is reasonable having regard to the size of the Company and the nature of its assets. The discrepancies noticed on such verification by the external consultant are not material and have been properly dealt with in the books of account.
- c) According to the information and explanations given to us and on the basis of the records of the Company examined by us, the title deeds of immovable properties are held in the name of the Company or in the erstwhile name of the Company.

2. Inventory:

The inventory has been physically verified by the Management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on physical verification were not material in relation to the operations of the Company and the same have been properly dealt with in the books of account.

3. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, the provisions of sub-clause (a), (b) and (c) of paragraph 3 (iii) of the Order are not applicable.**4. According to the information and explanations given to us, the Company has not advanced any loans or given guarantee or provided any security to parties covered under section 185 of the Companies Act, 2013. Further, the Company has not given any loans or guarantees nor has it made any investment during the period, hence the provisions of section 186 of the Companies Act, 2013 are not applicable to the Company.****5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of sections 73 to 76, or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder. No order has been passed by the Company Law Board, or National Company Law Tribunal, or Reserve Bank of India, or any Court, or any other Tribunal.****6. We have broadly reviewed the books of account and records maintained by the Company in respect of the product covered under the Rules prescribed by the Central Government for the maintenance of cost records, under sub section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.****7. Statutory Dues:**

- a) According to the information and explanations given to us and on the basis of the records examined by us, the Company is regular in depositing undisputed statutory dues, including dues pertaining to Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax, Duty of Customs, Cess and any other statutory dues with the appropriate authorities wherever applicable. We have been informed that there are no undisputed dues which have remained outstanding as at the last day of the financial year, for a period of more than six months from the date they became payable.
- b) According to the information and explanations given to us, there are no dues of Income-tax, Goods and Service Tax, Duty of Customs or Cess outstanding on account of any dispute, other than the following:

Name of Statute	Nature of Dues	Amount (Rs. lakhs)	Period to which the amount relates	Forum where dispute is pending

Annexure B**Independent Auditor's report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of VRL LOGISTICS LIMITED ("the Company") as of 31 March, 2021, in conjunction with our audit of the Ind-AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (the "Act" or the "Companies Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Ind-AS Financial Statements

A Company's internal financial control with reference to Ind-AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

Annexure B

- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our knowledge and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Company Overview

VRL Logistics Limited (the "Company") having CIN L60210KA1983PLC005247 was incorporated under the Companies Act, 1956, on 31 March, 1983. The Company is engaged in logistics services dealing mainly in domestic transportation of goods. Other businesses include bus operations, transport of passengers by air, sale of power and sale of certified emission reductions (CER) units generated from operation of windmills. The operations of the Company are spread all over the country through various branches and transshipment hubs. The Company has its registered office in Hubballi, Karnataka.

General Information**a) Basis for preparation of financial Statements**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS"), as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("Act") read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act.

The financial statements have been prepared on a historical cost convention and accrual basis, except for certain financial assets and liabilities measured at fair value and plan assets towards defined benefit plans, which are measured at fair value.

The financial statements have been prepared on a going concern basis and the accounting policies are applied consistently to all the periods presented in financial statement.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Division II of Schedule III to the Act.

b) Functional and presentation currency

The financial statements are presented in currency INR, which is the functional and presentation currency of the Company.

c) Rounding of Amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

d) Significant management judgements in applying accounting policies and estimation uncertainty

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances that occurred after that date but provide additional evidence about conditions existing as at the reporting date. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods of the revision if it affects both current and future periods.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

General Information (Contd.)**i) Impairment of non-financial assets**

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

ii) Depreciation and useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

iii) Recoverability of trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

iv) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

v) Contingent Liabilities

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies / litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

vi) Defined benefit obligation (“DBO”)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

vii) Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Management bases its assumptions on observable data as far as possible, but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

General Information (Contd.)**viii) Leases – Estimating the incremental borrowing rate**

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the fund necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

e) Recent Regulatory Pronouncements**i) Amendments to Schedule III of the Companies Act, 2013:**

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head 'Financial Liabilities', duly distinguished as current or non-current.
- Certain additional disclosures in the Statement of Changes in Equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a Company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, ratios, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of Profit and Loss:

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The Company will evaluate the amendments and its applicability to the Company and give effect to them as required by law.

ii) Code of Social Security, 2020

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

1. Significant Accounting Policies**a) Property, plant and equipment (including Capital work-in-progress)**

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost of items of property, plant and equipment includes expenditure that is directly attributable to the acquisition and installation, borrowing costs during the construction period and excludes any duties / taxes recoverable.

Subsequent cost is included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of such item can be measured reliably.

If significant parts of an item of property, plant and equipment have different useful lives then they are accounted for as separate components of property, plant and equipment. The Company has recognised major inspection costs relating to aircraft engine and airframe overhauls and other major maintenance expenditure as separate components for aircrafts.

The carrying amount of any component accounted for as a separate asset is de-recognised when replaced or disposed. All other repairs and maintenance expenses are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

An item of property plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising on retirement or disposal of items of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de-recognized.

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date are classified as Capital Advances under Other Non- Current Assets. Assets acquired but not ready for use are classified under Capital Work in Progress and are stated at cost comprising of direct costs and related incidental expenses.

b) Investment Property

Investment property is the property that is not occupied by the Company and which is held to earn rentals or for capital appreciation, or both. Upon initial recognition, an investment property is measured at cost, including directly attributable overheads, if any. Subsequent to initial recognition, investment property is measured at cost less accumulated depreciation and accumulated impairment loss, if any.

Any gain or loss on disposal of an investment property is recognised in Statement of Profit and Loss, unless any other standard specifically requires otherwise.

Company depreciates the investment property using the straight-line method over the useful lives of assets as prescribed under Part C of Schedule II of the Act

Though, the Company measures investment property using cost - based measurement, the fair value of investment property is disclosed in Notes. The fair value is determined by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued.

Investment properties are de-recognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of de-recognition.

Significant Accounting Policies (Contd.)**c) Intangible assets**

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

d) Depreciation/Amortisation

- i. Depreciation is provided under the straight line method over the useful lives of assets as prescribed under Part C of Schedule II of the Act except on Vehicles and Wind Turbine Generators (part of Plant and equipment).

Vehicles and Wind Turbine Generators are depreciated over a period of nine years and nineteen years respectively, based on internal assessment and independent technical evaluation carried out by external valuer; the Management believes that the useful life, as mentioned, represents the period over which Management expects to use these assets. Therefore, the useful life adopted for these assets are different from the useful life as prescribed under Part C of Schedule II of the Act.

Major inspection costs relating to engine and airframe overhauls and other heavy maintenance expenditure are identified as separate components for aircrafts and are depreciated over the expected life between major overhauls and remaining useful life of the aircraft, whichever is lower.

- ii. Cost of leasehold improvements is amortized over the period of the lease or its useful life, whichever is lower.
- iii. Computer Software is amortized over a period of five years.

An asset's carrying amount is written down to its recoverable amount immediately, if the asset's carrying amount is greater than its estimated recoverable amount.

The residual value of an asset is not more than 5% of the original cost of that asset. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

e) Measurement and recognition of leases

The Company considers whether contract is, or contains a lease. A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition, the Company assesses whether the contract meets three key evaluations which are whether:

- i. the contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Company.
- ii. the Company has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract.
- iii. the Company has the right to direct the use of the identified asset throughout the period of use. The Company assesses whether it has the right to direct 'how and for what purpose' the asset is used throughout the period of use.

Significant Accounting Policies (Contd.)

Company as a lessee

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company and any lease payments made in advance of the lease commencement date.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

At the commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate.

Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance, fixed), and payments arising from options reasonably certain to be exercised. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest expenses. It is remeasured to reflect any reassessment or modification.

When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset or Statement of Profit and Loss, as the case may be.

The Company has elected to account for short-term leases and leases of low-value assets using the exemption given under Ind AS 116, Leases. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term or on another systematic basis if that basis is more representative of the pattern of the Company's benefit.

Company as a lessor

Lease income from operating leases where the Company is a lessor is recognised as income on straight line basis over the lease term.

f) Impairment of non-financial assets

At the end of each reporting period, the Company assesses whether there is any indication that a non-financial asset may be impaired. . If any such indication exists, the recoverable amounts are estimated in order to determine the extent of the impairment loss (if any). An impairment loss is recognised whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. The impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which impairment takes place.

Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

g) Foreign currency transactions

Foreign currency transactions and balances

- i. Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction.

Significant Accounting Policies (Contd.)

- ii. Monetary assets and liabilities denominated in foreign currencies at the year-end are restated at the rate of exchange prevailing on the date of the Balance Sheet.
- iii. Any exchange difference on account of settlement of foreign currency transactions and restatement of monetary assets and liabilities denominated in foreign currency is recognized in the Statement of Profit and Loss.
- iv. Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.

h) Financial instruments

A financial instrument is any contract that gives rise to a financial asset in one entity and a financial liability or equity instrument in another entity.

Financial Assets**Initial recognition**

In the case of financial assets, not recorded at fair value through profit or loss (FVTPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

i. Financial Assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

ii. Financial Assets measured at fair value

Financial assets are measured at fair value through other comprehensive income (FVOCI) if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

Significant Accounting Policies (Contd.)

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk.

Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recorded as expense/ income in the Statement of Profit and Loss.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the financial asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity investments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Company may make an irrevocable selection to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

There is no recycling of the amounts from OCI to profit or loss, even on sale of investment.

Equity instruments included within the FVTPL (fair value through profit and loss) category are measured at fair value with all changes in fair value recognized in the profit or loss.

Financial Liabilities**Initial Recognition**

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Significant Accounting Policies (Contd.)

Subsequent measurement

Financial liabilities at FVPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Amortisation is recognised as finance income in the Statement of Profit and Loss.

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Where the terms of a financial liability are re-negotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued.

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business.

i) Fair value measurement

The Company measures financial assets and financial liability at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Notes to the Financial Statements for the year ended 31 March 2021

Significant Accounting Policies (Contd.)

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation team determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement.

j) Inventories

Consumables, stores and spares are valued at lower of cost and net realisable value; cost is computed on first-in-first out basis. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Stores and spares which do not meet the definition of property, plant and equipment are accounted as inventories. Obsolete, defective, unserviceable and slow/nonmoving stocks are duly provided for. Net realisable value is estimated selling price in ordinary course of business less the estimated cost necessary to make the sale.

k) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from the date of acquisition. Cash and cash equivalents are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

l) Revenue recognition

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Revenue is recognised to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or

Significant Accounting Policies (Contd.)

receivable excluding taxes or duties collected on behalf of the government and reduced by any rebates and trade discount allowed.

Contract assets includes costs incurred to fulfill a contract with a customer. Where the amount of consideration received from a customer exceeds the amount of revenue recognized, this gives rise to a contract liability.

The specific recognition criteria described below must also be met before income is recognised.

- i. Revenue from Goods transport and Courier service is recognised as and when goods and documents are delivered.
- ii. Revenue from Bus operations and Transport of passengers by air is recognised as and when transportation is provided.
- iii. Revenue from sale of power is recognised upon deposit of units of generated power at the grid of the purchasing electricity company.
- iv. Revenue from sale of eligible carbon credit units such as Verified / Certified Emission Reductions units (VERs)/ (CERs) is recognised on completion of the validation process for units generated and entering of a definitive binding agreement for the sale of such units.
- v. Revenue from hotel operations is recognized upon rendering of service.
- vi. Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.
- vii. Dividend income is recognised when the right to receive the dividend is established.
- viii. Rent income is recognised on a straight-line basis over the period of the lease.
- ix. Advertisement income is recognised when the related advertisement or commercial appears before the public.

m) Employee benefits

Short term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services upto the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Defined contribution plan

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis. The Company has categorised its Provident Fund, labour welfare fund and the Employees State Insurance Scheme as a defined contribution plan since it has no further obligations beyond these contributions.

Defined benefit plan

The Company's liability towards gratuity, being a defined benefit plan is accounted for on the basis of an independent actuarial valuation based on Projected Unit Credit Method. The liability or asset recognised in the balance sheet is the present value of the defined benefit obligation at the end of the reporting period less

Notes to the Financial Statements for the year ended 31 March 2021

the fair value of plan assets. Gratuity liability is funded by payments to the trust established for the purpose.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. Service cost and the net interest cost is included in employee benefit expense in the Statement of Profit and Loss. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in 'other comprehensive income' as income or expense.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. Accumulated compensated absences which are expected to be availed or encashed subsequent to 12 months are treated as long term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Remeasurement as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

n) Borrowing costs

General and specific borrowing costs directly attributable to the acquisition/ construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in Statement of Profit and Loss in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

o) Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method

Borrowings are eliminated from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss. The gain / loss is recognised in other equity in case of transactions with shareholders.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

Significant Accounting Policies (Contd.)**p) Trade receivables**

A receivable is classified as a ‘trade receivable’ if it is in respect of the amount due on account of services rendered or sale of goods in the normal course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the EIR method, less provision for impairment.

q) Trade payables

A payable is classified as a ‘trade payable’ if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. These amounts are unsecured and are usually settled as per the payment terms stated in the contract. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

r) Taxation

The income tax expense or credit for the period is the tax payable on the current period’s taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

- i. Current income tax liabilities and/or assets comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date.
- ii. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to the applicable tax regulations which may be subject to interpretation and creates provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.
- iii. Deferred income taxes are calculated using the liability method on temporary differences between the carrying amounts of assets and liabilities and their tax bases. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.
- iv. Deferred tax assets are recognised to the extent it is probable that the underlying tax loss or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company’s forecast of future operations results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax is not provided on the initial recognition of goodwill, or on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit.

- v. Changes in deferred tax assets or liabilities are recognised as a component of tax income or expense in profit or loss, except where they relate to items that are recognised in other comprehensive income or directly in equity, in which case the related deferred tax is also recognised in other comprehensive income or equity, respectively.
- vi. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Significant Accounting Policies (Contd.)**s) Provisions, Contingent liabilities and Contingent Assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Such liabilities are disclosed by way of notes to the financial statements. No disclosure is made if the possibility of an outflow on this account is remote.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Provisions, contingent liabilities and contingent assets and commitments are reviewed at each balance sheet date.

Notes:

1) Disposals of Freehold Land includes an amount of ₹ 2.97 lakhs pertaining to compulsorily acquisition of land by the National Highways Authority of India. The Company has received compensation amounting to ₹ 337.82 lakhs resulting in the profit of ₹ 334.85 lakhs which is included in Note 23 Other income, under Profit on sale of Property, plant and equipment (Net).

2) The Bhinwadi property admeasuring 240,000 square feet purchased for total consideration of ₹ 3,240 lakhs from M/s Indian Corporation, represented by its proprietor, Mr.Rudrapratap Urmaliya Tripathi, as a Power of Attorney holder of the original land owners is registered in the name of the company by paying appropriate stamp duty and registration fees. The Company is in actual and physical possession of the property and has been carrying out its business activities in the aforesaid premises without any hindrance from anybody whatsoever. However, the Company has been facing difficulties in getting its name updated in the relevant Revenue Records i.e /12 extract and has accordingly brought this to the notice of the vendor, who is trying to solve the matter and get the name of the Company entered into the Revenue Records as the owner of the property. Considering the fact that the property is already registered in the name of the Company vide Registered Sale Deed and further since the Company is in actual and physical possession of the property and has been carrying out its business activities without any hindrance from anybody whatsoever, except that there has been some difficulty in entering the name of the Company in the Revenue Records, the investment made by the Company is safe and fully recoverable. The Company has also obtained appropriate legal opinion in this regard to support its view. However, in case, for any reasons, entering the name of the Company in the revenue records is not possible, the Vendor has given an option to the Company to buy back the property at mutually agreed consideration, which shall not be less than the purchase price indicated above. Management does not expect any financial impairment of the book value of the property obtained by the Company and accordingly no adjustments have been made to the financial statements to this effect.

3) Refer Note 34 for disclosure of contractual commitments for the acquisition of Property, plant and equipment.

4) Refer Note 31 for information on Property, plant and equipment pledged as security.

Valuation process

Company obtains independent valuation of its investment properties annually; the best evidence of fair value is current price in an active market for similar properties. Where such information is not available, Company considers current price in an active market for properties of different nature or recent prices of similar properties in less active market, adjusted to reflect those differences.

They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

E] The Department of Stamps and Registration, Government of Karnataka had issued a notice towards stamp duty payable on acknowledgment of delivery of a letter, article, document, parcel, package or consignment, given by the Company to the sender of such letter, article, document, etc. in accordance with the Karnataka Stamp Act, 1957 (Article- 1 (ii) of the Schedule). The Company has challenged the constitutional validity of the said provision by way of Writ Petition before the Honourable High Court of Karnataka, Circuit Bench at Dharwad. The Writ Petition came-up for hearing and subject to deposit of a sum of ₹ 25 lakhs, the Authorities have been directed not to take any coercive action and also to determine the Stamp Duty liability. The Company has paid the deposit of ₹ 25 lakhs, disclosed under Other Non-current assets in the books of account, but the quantum of Stamp Duty payable is yet to be arrived at by the Department. In the opinion of the Management, no financial liability is expected to arise in this regard. The financial liability that may ultimately devolve upon the Company is currently not ascertainable and as such no amount has been included as contingent liability towards the same.

Notes:-

- a. The Company is in appeal against demands on Income Tax, Customs duty, service tax, goods and services tax and ESIC dues.
- b. Customs duty liability is in respect of alleged violation of terms and conditions of Non Scheduled Air Transport Service, as claimed by the Customs Department to the extent it can be quantified. The said department has issued a Show cause cum demand notice alleging violation of terms and conditions of Non Scheduled Air Transport Service and demanded, amongst others, customs duty on the import of aircraft, interest and penalty/fine thereon. The Company had earlier availed of the exemption available under the Customs Act, 1962 (the 'Act') and was accordingly assessed to Nil duty under the Act. The Company has deposited the Customs duty, including interest thereon, without prejudice to further rights. These payments amounting to Rs.688.05 lakhs have been disclosed under Other Non-current assets in the books of account. The Company has already filed the necessary response to the demand notice and expects a favourable order in this regard.
- c. The above figures for contingent liabilities do not include amounts towards certain additional penalties/interest that may devolve on the Company in the event of an adverse outcome as the same is subjective and not capable of being presently quantified.
- d. Future cash outflows in respect of (A) above can be determined only on receipt of judgments/decisions pending with various forums/authorities.
- e. The amount disclosed in respect of (B) above represents the estimated liability based on independent legal opinion obtained by the management in relation to the various cases of Motor Vehicle Accidents, Consumer disputes, Workmen compensation, etc. filed against the Company.

33 The Honourable Supreme Court, has passed a judgement on 28 February 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The management, based on legal advice obtained, is of the view that the principles enumerated in the judgement is not applicable to the Company considering the nature of allowances paid and the manner in which it is paid on selective basis to the employees and workers of the Company.

34 Capital Commitments

Estimated amount of contracts remaining to be executed on capital account and not provided for ₹ 4,127.46 lakhs (31 March 2020: ₹ 520.89 lakhs) (net of advances of ₹ 1,399.11 lakhs)

35 Certified Emission Reductions Credits

In earlier years, the Company had recognised income by trading complete amount of possible Green House Gas (GHG) emission reductions generated by its Windmill project. The Company's Clean Development Mechanism (CDM) project is registered with the United Nations Framework Convention on Climate Change (UNFCCC) and necessary approvals for the trade of carbon credits have been procured.

The Company has Certified Emission Reductions (CERs) balance of 306,448 units (net of 2% CDM administration fees) for the period 1 January 2013 to January 2018 which has been certified.

The financial impact of outstanding CERs remains unrecognised in the books of account, the impact of which, as per the management, is not expected to be material to the financial statements.

36 Buyback of Equity Shares

The Board of Directors of the company in their meeting held on February 6, 2021, had approved the proposal of Buy-back of its equity shares in accordance with Article 63 of the Articles of Association of the Company and pursuant to the provisions of Sections 68, 69, 70 and other applicable provisions of the Act and rules made thereunder and in compliance with the SEBI Buy-back Regulations, 2018, ("SEBI Regulations") as amended. The Board opted for the "Open Market Buy back through Stock Exchanges" as permitted under the SEBI Regulations. Accordingly, the Buy-back by the Company comprised of purchase of fully paid up Equity Shares for an aggregate amount not exceeding ₹ 6,000 lakhs, ("Maximum Buy-back Size"), being 9.73% of the total paid up share capital and free reserves based on the audited financial statements of the Company as at 31 March, 2020, at a price not exceeding ₹ 300 per Equity Share ("Maximum Buyback Price") from its shareholders / Beneficiary owners of the Company excluding promoters, promoter group companies, under the SEBI Regulations and the Act. The Maximum Buyback Price excludes transaction and other related costs. Based on the Maximum Buyback Price and for Maximum Buyback Size, the maximum number of Equity shares that could be bought back was 20,00,000 Equity shares ("Maximum Buyback Shares").

The Company has, based on the above approval, bought back 20,00,000 fully paid-up Equity shares at an average rate of ₹ 253.36 per fully paid-up Equity share having a face value of ₹ 10 each, resulting in cash outflow of ₹ 5,187.46 lakhs (including transaction costs and Buy-back related expenses of ₹ 120.21 lakhs), amounting to 86.46% of Maximum Buy-back size. In line with the requirements of section 52 of the Act, an amount of ₹ 4,987.46 lakhs has been utilized from the Securities Premium for the Buy-back. An amount of ₹ 1,133.87 lakh was incurred on account of Income-tax on Buy-back, which has also been adjusted from the Securities Premium. The Equity shares so bought back have been extinguished and the amount of Issued and Paid-up Share Capital stands amended accordingly in the books of account of the Company.

38 Leases

The Company has adopted the new accounting standard i.e. Ind AS 116- Leases, which has become effective from 1 April 2019 (transition date). This new standard replaces earlier standard on leases i.e. Ind AS 17.

The adoption of this new Standard has resulted in the Company recognising a right-of-use asset and related lease liability in connection with all former operating leases except for those identified as low-value or having a remaining lease term of less than 12 months from the date of initial application.

The new Standard has been applied using the modified retrospective approach, with the cumulative effect of adopting Ind AS 116 being recognised in equity as an adjustment to the opening balance of retained earnings for the current period. Prior periods have not been restated. The Company has recognised lease liability on the date of initial application at the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application. The Company has recognised a right-of-use asset on the date of initial application at its carrying amount as if the Standard had been applied since the commencement date of lease but discounted using the incremental borrowing rate at the date of initial application. On transition to Ind AS 116, the weighted average incremental borrowing rate applied to lease liabilities recognised was 9% p.a.

Practical expedient opted by Company:

- For contracts in place at the date of transition, the Company has elected to apply the definition of a lease from Ind AS 17 and Appendix C to Ind AS 17 and has not applied Ind AS 116 to arrangements that were previously not identified as lease under Ind AS 17 and Appendix C to Ind AS 17.
- The Company has elected not to include initial direct costs in the measurement of the right-of-use asset for operating leases in existence at the date of transition to Ind AS 116, being 1 April 2019.
- On transition, Company has elected not to apply Ind AS 116 to leases previously accounted for as operating leases, with a remaining lease term of less than 12 months and not recognise right-of-use assets but to account for the lease expense on a straight-line basis over the remaining lease term.

The Company has benefitted from the use of hindsight for determining the lease term when considering options to extend and terminate leases.

The Company has discounted lease payments using the incremental borrowing rate as at 1 April 2019 for measuring lease liabilities at ₹ 27,047.16 lakhs and accordingly recognised right-of-use assets at ₹ 24,623.53 lakhs by adjusting retained earnings by ₹ 1,911.20 lakhs (net of tax), including adjustments for prepaid/accrued rent and lease equalisation reserve, as at the aforesaid date.

During the current year, in view of the raging COVID-19 pandemic and the nationwide lockdown announced by the Central Government on 24 March 2020, the operations of the Company were totally shut down during the month of April 2020. Concession of lease rent was sought from the lessors / licensors of the leased / licensed properties occupied by the Company across India for the month of April 2020. Several lessors / licensors assented to either a complete concession or partial lease rent concession, totally amounting to Rs.446.70 lakhs (including non-refundable GST amounting to Rs.48.46 lakhs).

The Company has applied the practical expedient under Ind AS 116 Leases, inserted vide Notification No. G.S.R. 463(E) dated July 24, 2020, for the abovementioned rent concession amounting to Rs.446.70 lakhs, which was granted on account of the COVID-19 pandemic and the same has been recognised as a reduction from 'rent expenses' in the financial statements.

- During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.
- The carrying amounts of Security deposits (current), trade receivables, other current financial assets, cash and cash equivalents, current fixed deposits with banks, current borrowings, trade payables and other current financial liabilities are considered to be approximately equal to their fair value, since those are current in nature.
- The fair values computed above for assets measured at amortised cost are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of indirectly observable inputs.

Valuation process

The Company evaluates the fair value of financial assets and financial liabilities on periodic basis using the best and most relevant data available.

39 Fair value measurements (Contd.)
Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise borrowings, lease liabilities, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also holds investments.

The Company is exposed to market risk, credit risk and liquidity risk. Company's senior management oversees the management of these risks. It is Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors review and agree policies for managing each of these risks, which are summarised below.

a) Market risk

Market risk is the risk of any loss in future earnings, in realisable fair value or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of change in the interest rates, foreign currency exchange rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

I. Interest rate sensitivity

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company does not have significant exposure to the risk of changes in market interest rates as Company's long-term debt obligations is at fixed interest rates.

II. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. However, the Company is not exposed to foreign currency risk since it has no unhedged exposure as at reporting date.

b) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – borrowings, lease liabilities, trade payables and other financial liabilities.

Liquidity risk management

Company's treasury department is responsible for liquidity and funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The table below summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments.

39 Fair value measurements (Contd.)
c) Credit risk

Credit risk arises from cash and bank balances, current and non-current financial assets, trade receivables and other financial assets carried at amortised cost.

Credit risk management

To manage credit risk, the Company periodically assesses the financial reliability of customers and other counterparties, taking into account the financial condition, current economic trends, analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly. The Company uses a provision margin to compute the expected credit loss allowance for trade receivable.

Bank balances are held with only high rated banks. Trade receivables are generally recovered within the credit period. Accordingly, the provision for impairment is considered immaterial. Also, trade receivables are monitored on periodic basis for any non-recoverability of the dues.

Trade receivables:

The ageing of trade receivables and expected credit loss analysis on these trade receivables is given in the table below:

Particulars	Not due	0-60 days	61-180 days	181-365 days	above 365 days	Total

41 Segment Reporting

The Company's chief operating decision maker - Board of Directors examines the Company's performance from a product perspective and has identified four reportable segments of its business as follows:

- **Goods transport division:** Offers services for the transportation of Goods across India using a range of road transportation solutions to the customers, including less than full truck load and full truck load. Under this segment, Company also does courier business for transportation of small parcels and documents using range of multi model solutions.
- **Bus operations division:** Offers services of transportation solutions through Buses.
- **Sale of power division:** The wind farm consists of Wind Turbine Generators (WTGs) having individual capacity of 1.25 MW.
- **Transport of passengers by air:** Offers services for the transportation of passengers by Air through the Aircrafts owned by the Company. The services are offered to the Individuals and corporate representatives.

The above operating segments have been identified considering:

- (i) The internal financial reporting systems
- (ii) The nature of the product/services
- (iii) The risk return profile of individual divisions

Revenue and expenses has been accounted on the basis of their relationship to the operating activities of the segment. Income and expenses, which relate to the Company as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocable Income" and "Unallocable Expenses" respectively. Assets and Liabilities, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocable Assets/ Liabilities". Inter-segment transfers are accounted for at competitive market prices charged to unaffiliated customers for similar goods/services.

No operating segments have been aggregated to form the above reportable operating segments.

43 The Company's operations were impacted during the first quarter of the financial year 2020-21, following the nationwide lockdown imposed by the Government of India during the first wave of COVID-19 pandemic. The Company has since resumed operations, taking all due care for the health and safety of its employees. The Company has thereafter evaluated the impact of this pandemic on its business operations, financial position and, based on its review of current indicators, there is no significant impact on the Company's assets, capital and financial resources and liquidity position for the year ended 31 March 2021. However, the assessment of impact of COVID-19 pandemic is a continuous process, given the uncertainties associated with its nature and duration. The financial implications are contingent on the various business parameters which may emerge from time to time and the Company will continue to closely monitor any material changes from those estimated as on the date of adoption of these Financial Statement.
